Hi Mike

As it turns out the reason it was denied was because of a simple one, a copy of a return itinerary and they (downtown) not being aware of the rate that applies to state and government employees. Also I just need to elaborate that you are staying an extra two days again , even though it was mentioned twice in 2 different forms, I am currently working on correcting this.

I will get back to you

Gio

Gio,

When you have a couple of minutes free, I would like to clarify some of the details about the DEA training in June. I just got the package and it has a cover letter titled Rejection.

- 1) Are there some amendments to be made to the application? Do you need more information from Peter and I?
- 2) Does this package authorize us (Peter and I) to purchase airline tickets and hotel space on our credit cards, to be reimbursed later? Or is this a process we pursue with a State Lab credit card? Or will you be the agent securing the tickets and hotel accommodations?

Forgive my ignorance, but this is the first long distance training I have ever attended.

Thaks,  
Mike Lawler
